Oxygen empowers the immune system and sustains health and vitality. Athletes improved their performance and people who were stressed, fatigued or sick say they restored their health by taking liquid **Aerobic Oxygen™**.

What is **Aerobic Oxygen™**? **Aerobic Oxygen™** has been considered one of the most significant breakthroughs of the twentieth Century!! It is a revolutionary formula that harbors a very high concentration of **non-toxic stabilized electrolytes of Oxygen** -Oxygen in molecular form.

Oxygen therapy has been around as far back as 1896 for treatment of a variety of ailments including gangrene, trench foot, chlorine gas burns and influenza. Today oxygen therapy in its new 20th century formulation has been found to benefit many conditions including asthma, bronchial infections, heart valve, circulation, candida, poor digestion, fibromyalgia and lowered immunity to colds, flu, and infection.

The revolutionary breakthrough formula has become a convenient way to re-address dietary deficiency simply by adding 20 drops three times a day in a glass of water.
